---

**Texas Scramble Format**

- Each team consists of four players. All players tee off.
- The best shot is selected and all players play from that position.
- Again the best shot is selected and all players play from that position. This is continued until the ball is holed out.
- If the team is less than four players then an extra shot can be alternated amongst the team so that four shots are played from each position.
- As an option to insure that all players contribute – all teams must use at least three tee shots from each player.
- Once the ball is holed the hole is finished even if there is still a team member to play.
